(1320 - 1384) John WICKLIF (WYCLIF)

An English patriot and reformer.

In ~~1355~~, became master of Balliol College and for awhile was royal chaplain. Translated the BIBLE into English. Was repeatedly arraigned for heresy, and finally prohibited from teaching in the University. Retired to his rectory of LUTTER WORTH. His buried remains, by order of

the rival pope, Clement VIII were
disinterred, burned, and the ashes
scattered - cast into the Swift R.
a branch of the Avon R.

Wyclif attacked transubstantiation
condemned (1380-1382) as a heretic
He brought out the Wyclif Bible, the
first English translation of the Latin
Bible

Renaissance in Italy

1380AD

Cast iron in Europe

The Europeans had sound agriculture, and the arms race in artillery encouraged a catch-up with Chinese technology: the first European cast iron was made in FLANDERS in 1380. Every village was using watermills or windmills with increasing ingenuity.
